Subject: Extension request

Good morning. My name is Valerie Wallace. I was inspected last week and I am requesting an extension on my ORS certification for my class C Non Emergency docket # 2014-47-T for a year because we are still waiting for a provider orientation thru Logistical and having to pay the required insurance premium is very expensive without having a contract. Can you please give me a call at 910-544-9103 if any paperwork is needed to fulfill this request. Thank you in advance.

Valerie Wallace
